## Guidelines to draft the 'Declaration of Incorporation'

The manufacturer has to indicate the essential requirements (EHSR) they will apply.

The manufacturer can decide not to apply any EHSR.

The EHSR that will be fulfilled by the PCM could be agreed between the manufacturer of the PCM and the manufacturer of the machine in which it will be incorporated through contract/agreement.

As a general rule, the PCM manufacturer fulfils the EHSR that are specific to his field of activity.
