

The background features a dark blue grid with several data series. One series is a jagged line with white circular markers, showing a peak and a subsequent decline. Another series is a smoother curve in shades of green and yellow. Below these, there are two bar charts: one with blue bars and another with white bars, both showing fluctuating values.

Deep Dive into 2021 Figures

Sebastian Popp

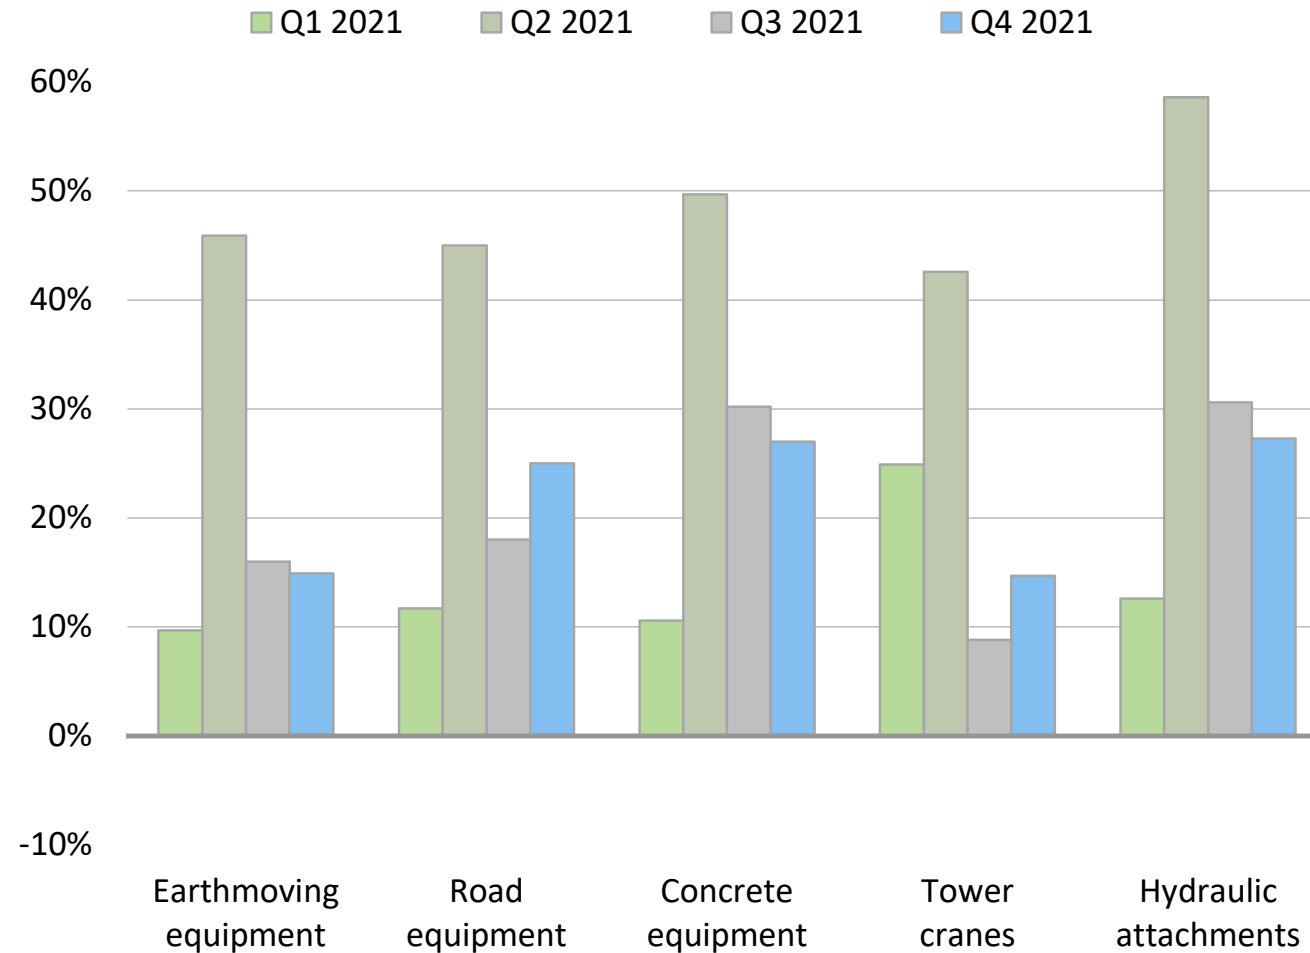

#WEMAKE2BUILD

Industry is close to 2007/08 record levels

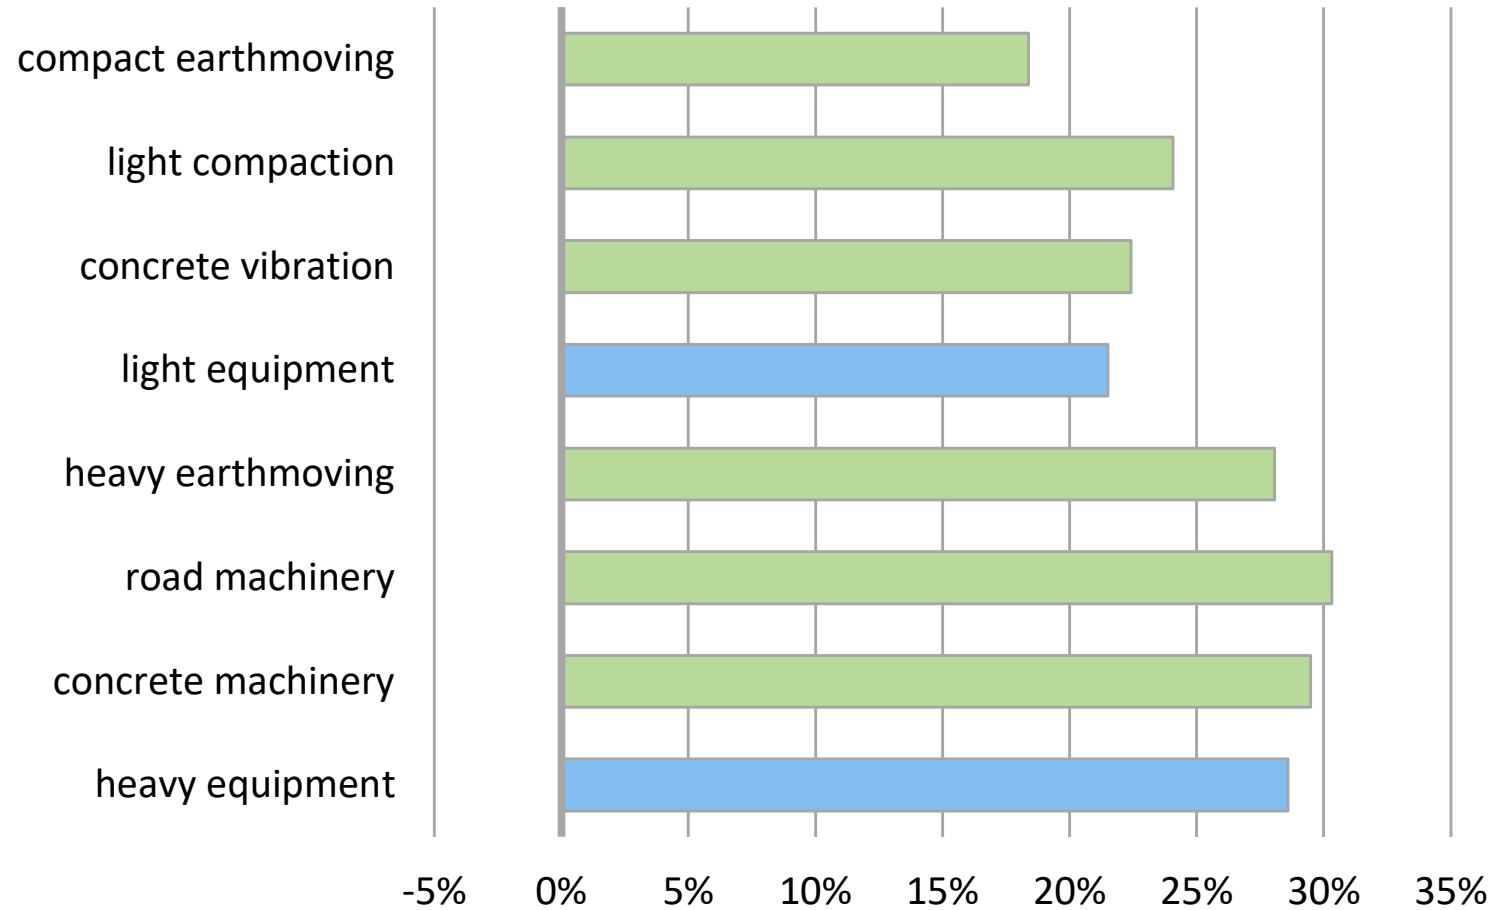

monthly construction equipment sales in Europe, index 2010 = 100

Sub-sectors: Homogenous development in 2021

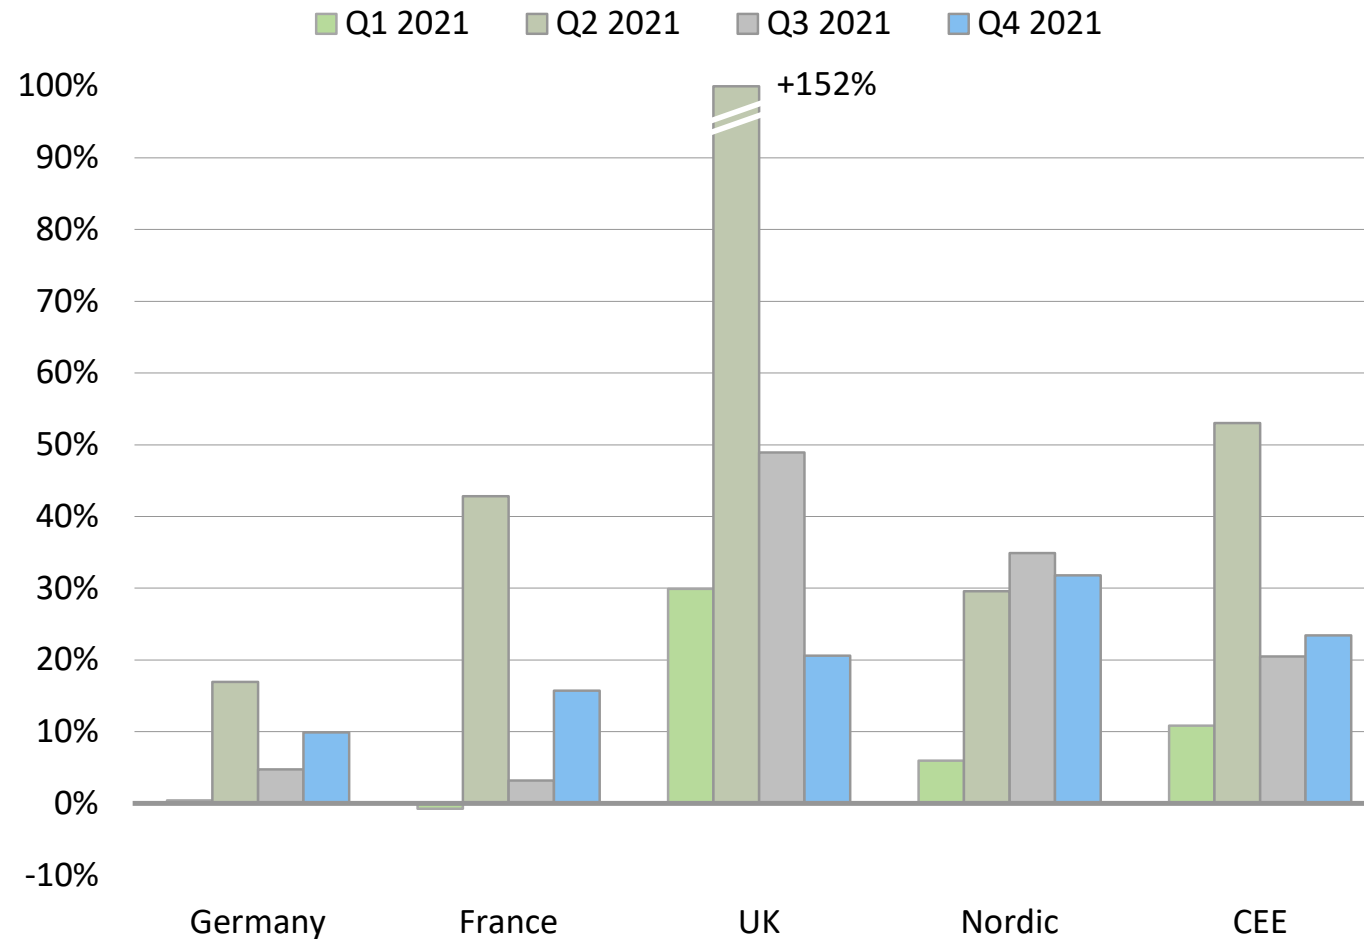

construction equipment sales on the European market in 2021 compared to previous year in %

Segments much more in line than in 2020

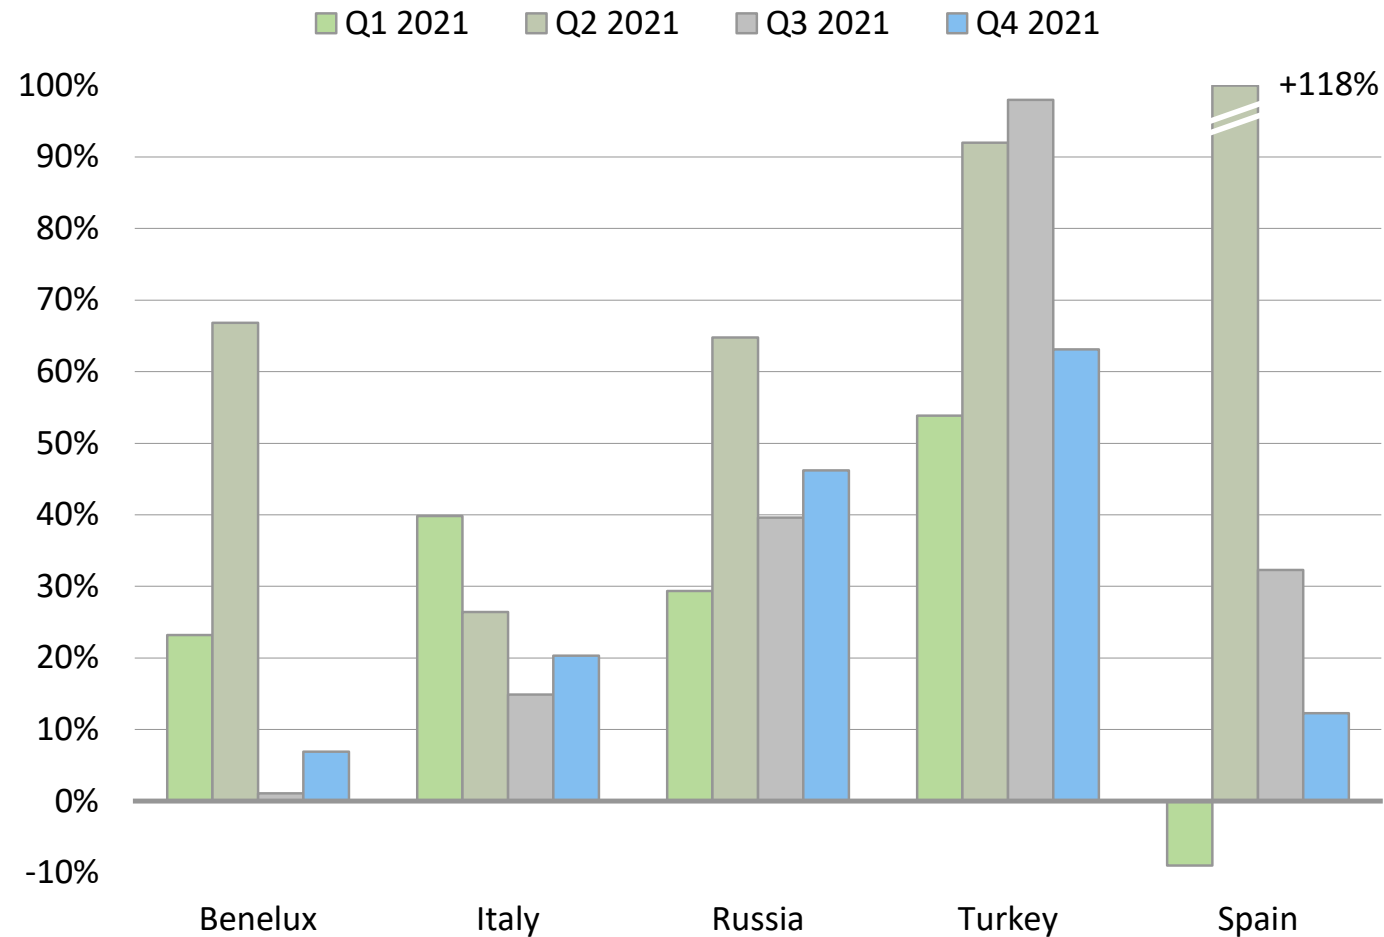

construction equipment sales on the European market in 2021 compared to previous year in %

Largest markets with most moderate growth

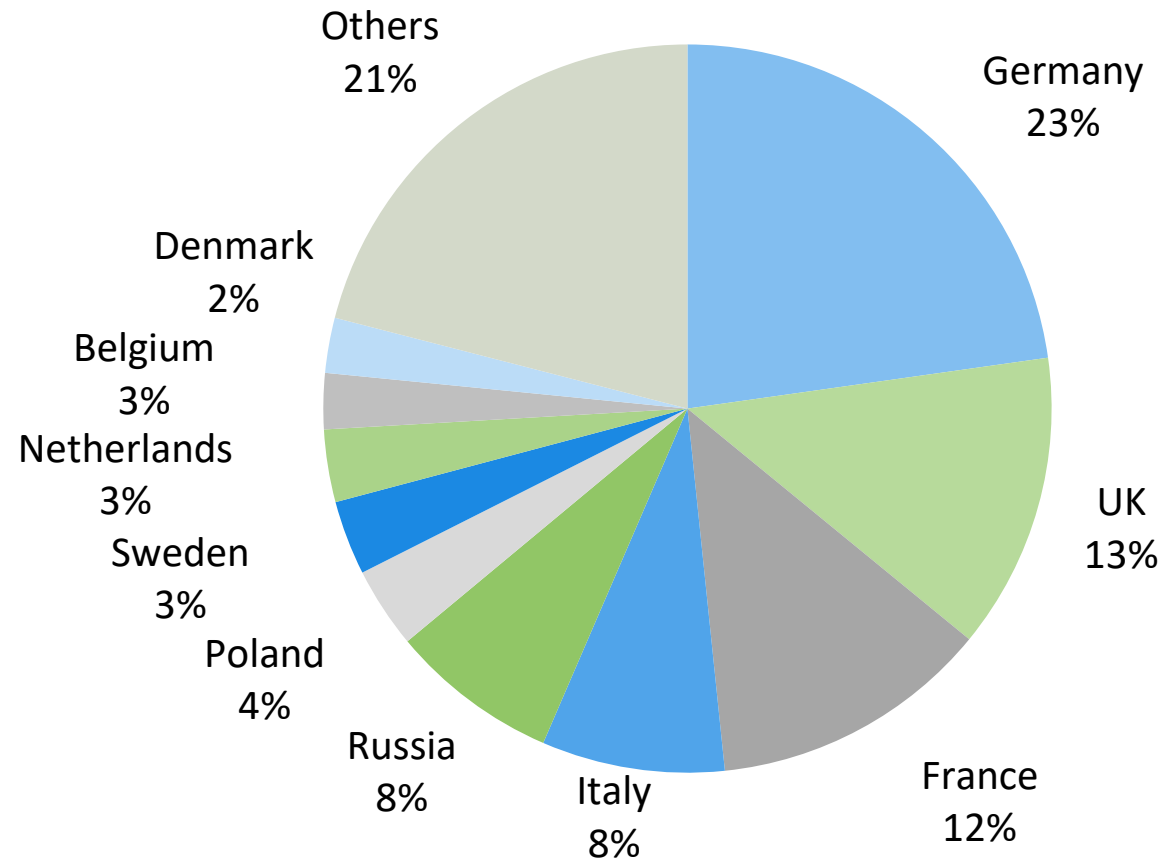

construction equipment sales on the European market in 2021 compared to previous year in %

Southern Europe with the long-awaited sign of life

construction equipment sales on the European market in 2021 compared to previous year in %

Market shares: UK takes second rank

shares of construction equipment sales in European countries in 2021

The background features a dark blue grid with several data visualization elements: a line graph with two lines (one cyan, one yellow) and white circular markers, and a bar chart with blue bars of varying heights. A large white circle is overlaid on the left side of the image.

Thank you very much!
